Healthcare Entrepreneurship Program

In the Healthcare Entrepreneurship Program, students work with early- or mid-stage Arizona-based healthcare businesses to solve problems related to business formation.

What students do:

- Students will act as external consultants on early stage issues like formation, corporate structure, financing, business plan and presentation creation, strategy and other pressing issues as determined by the entrepreneur and faculty.
- Student address:
  - Intellectual property issues
  - Regulatory and compliance matters
  - Business Formation
  - Development and review of contracts, leases and licenses

Course Information:

- Enrollment is limited to 4 students.
- Students receive 6 units of graded credit.
  - Two hours graded/seminar credit
  - Four hours pass/fail client component

Time Commitments:

- Students must complete 300 hours during the semester, including class time (approx. 20 hours per week).

To Apply:

- Complete an application online at http://web.law.asu.edu/clinicapplication
